FEIS 2018 is intended to stimulate discussion about educational pathways for the information specialists of the future. Today's and future knowledge society profoundly changes the way in which information is produced, organized and accessed, and calls for a reshaping of traditional studies in library, archives and documentation.

FEIS 2018 is the final event of the project EINFOSE (2016–2018).

EINFOSE is funded under Erasmus+ Key Action 2 Strategic Partnerships for Higher Education.

Partner institutions: University of Barcelona, Spain; University of Borås, Sweden; University of Graz, Austria; Hacettepe University, Turkey; University of Hildesheim, Germany; University of Ljubljana, Slovenia; University of Osijek, Croatia; University of Pisa, Italy.
